BOTT'S DRUG STORE

High Class Prescription Dispensing.

IF YOUR PRESCRIPTIONS are dispensed at BOTT'S you can rely upon the medicines being perfect in every particular.

Bott's Drug Store

Offers the following evidence of qualifications and care:

Over 25 years' experience in dispensing in the drug stores of large cities of Great Britain and Canada.

Every facility for dispensing any prescription in a first-class manner.

Every bottle or parcel of medicine is checked over after dispensing and a check label attached.

Ask your doctor to leave your prescription at Bott's Drug Store or bring the prescription yourself.

A very fine line of Red Rubber Combination Hot Water Bottles and Syringes always in Stock.

DERMOL CREAM...

The Skin Softener and Healer. Dermol Cream is as nearly perfect as it is possible to make a preparation for soothing, healing and whitening the skin. It has been used in Alberta for twelve years and has made many friends. It heals sore, chapped hands very quickly, one or two applications being sufficient; and used daily it keeps the hands in the very best condition.

Besides Dermol Cream Skin Foods and many Toilet Articles are kept in stock.

HAIR BRUSHES MADE OF THE VERY BEST FRENCH BRISTLES, AND TOOTH BRUSHES, COMBS, SPONGES, ETC.

GENERAL WARD

The Best Ready-To-Wear Department IN THE GREAT WEST

Northway's Shape-Keeping Costume

We sell the very highest grades of Ready-to-wear Costumes. Styles the very latest. For good fitting and good wearing qualities there is nothing equal to a Northway costume. Prices are \$35, \$40, \$45, \$50, \$55 and \$60 a garment.

Northway's Shape-Keeping Jackets

Get a NORTHWAY Garment and you get the best kind of a garment. Our stock of new Jackets is most complete whether it be a swell Opera Cloak or a nice dressy Jacket, we have it. Our stock is second to none in the Great West. Prices run from \$35 to \$55 a garment.

When You Are Looking

For anything in Ready-to-wear goods of any description, call and see our stock and you will save time, money and worry.

Our Dressmaking Dept.

Is under competent management. We turn out nothing but the very best of work. The latest in styles at moderately low prices. Try this department and be convinced.

THE DRUGGISTS,

Alberta Block.

PHONE. 164.

On the Compounding of Prescriptions.

When you take a prescription to a Drug Store you have to trust the druggist to fill it right. An error on his part, however slight, may have very serious consequences and filling a prescription is not merely mixing up the ingredients carelessly in any fashion, they must be properly mixed or they may produce improper results.

Errors in our prescription department are as near to being impossible as

Skill and unlimited Caution

can make them. Both our dispensers are Honor Graduates of Ontario College of Pharmacy with long experiences as dispensers in the largest cities of the East. Each prescription is dispensed by the one, double checked by the other and a guarantee label with initials of each dispenser and checker attached

We use only

Drugs of proven purity and strength

and our prices are always moderate, even low.

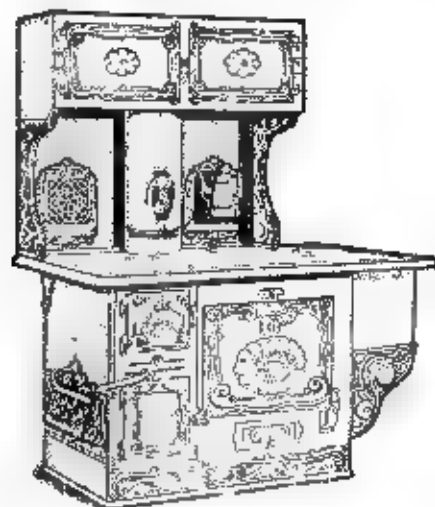

N.B. Prescriptions are delivered promptly, no vexatious and dangerous delays.

✕ THE HOLY CROSS HOSPITAL, CALGARY. ✕

Historical Sketch

THE handsome and spacious building, called "The Holy Cross Hospital," which is doing so much practical good in this district, is too well and favorably known to need praise from an outsider. However, being an old timer, interested in the progress of this great West, and having witnessed the laying of the foundation of this Hospital, I feel it a duty to present to the public a short statement of facts gleaned during a recent visit to this most worthy Institution.

Twelve years ago, cradled in the obscurity of a little cottage, the Holy Cross Hospital saw light and smiled its first smile of charity and benevolence on suffering humanity. Since then what blessings have attended

its growth; what progress has marked its development; what earnest endeavors have been put forth to make it what it is to-day - not the little building of the past, but a spacious, well equipped edifice, worthy of the Divine Master to whose honor it was erected, worthy of those who contributed towards its welfare.

The Hospital since its foundation has been conducted by the Sisters of Charity, noble souls, whose lives of self sacrifice, consecrated wholly to the Christ-like work of caring for the sick and ministering to the needs of suffering humanity, their labors are incessant. The management consists of The Lady Superior; two Sisters, qualified head nurses, six Sister nurses, graduates of Notre Dame Hospital, Montreal, having had several years experience; three assistant nurses; two qualified Sisters in charge of the culinary department, which department receives special attention in this Institution, an orderly, male attendant and maids. Each one's duty is carefully assigned and scrupulously performed. Hence in material respects the economy of the Hospital leaves nothing to be desired. The neatness and freshness of every arrangement could hardly be surpassed in any private house.

The Hospital is located about one half mile from the centre of the city. The location is perfect for hospital purposes, being especially favored with pure air and fresh breezes. Its position is sufficiently removed from the business part of the city to be free from its noise, dust, etc., and yet possess all the advantages of electric light and city water. The grounds are spacious. As it now stands, the Hospital provides accommodation for fifty patients. Each department, with its well ventilated halls, sunny, bright rooms and wards, affords the patients

the best sanitary conditions and the results of treatment have been most satisfactory. The building is most comfortably heated by hot water, lighted by electricity, has bath rooms arranged for hot and cold baths, as well as telephone communication with the town. In fine weather the verandahs afford the convalescent patients ample opportunities of restoring their vitality in the open air and sunshine.

The operating room, though not large, is hygienic in all its appointments and is liberally supplied with all modern equipments necessary for performing the most critical surgical operations. Many serious surgical operations have been successfully performed on patients who, had it not been for the convenience found in the Hospital, would have been obliged to go to eastern cities at large expense for treatment.

The Hospital is non-sectarian. It makes no discrimination of race, color or creed. It is not endowed with any fund for its maintenance. It has no income, save what is realized from patients who are able to pay for board or rooms and twenty-five cents per day granted by the Territorial Government.

The Sisters must depend almost entirely upon the Providence of God, who never forsakes those who trust in Him, and to the never failing interest of the ladies, members of the "Hospital Aid Society."

The object of this Society is to co-operate with and render all aid possible to the Sisters, financially or otherwise. Each member pays an annual subscription of one dollar. Under the auspices of this energetic Society a number of bazaars and other entertainments have been held, with the most gratifying results. The

Mail Orders filled same day as received.

The Horses' Friends are Potter, Rosewell & Carson's Saddles and Harness.

Sisters freely acknowledge that without the assistance of these devoted ladies their own efforts must surely prove fruitless.

The Sisters have only words of praise and expressions of gratitude for the doctors and surgeons of the city, through whose persistent efforts and assiduous labors, in spite of many inconveniences, the Hospital has reached its present good standing in the community. Any reputable physician recognized by "The Territorial Medical Board" will have the privilege and use of the Hospital and operating room for his patient. He will have the exclusive control of any of his patients he may wish to attend there, whether in a private room or in a ward.

VISITORS—Clergymen of all denominations are welcome and freely admitted to minister unto the members of their church day or night. Relatives or friends may visit patients every day from 10 to 12 a.m., 2 to 5 and 7 to 9 p.m. As these conditions are most reasonable, all visitors are requested to leave at the expiration of the visiting hours.

In cases of alarming illness (of which due notice will always, if practicable, be given to the immediate relatives or friends of a patient) visits will not be restricted to the regular hours.

Before a patient is brought to the Hospital arrangements for admission should be made with the Sister in Charge, or by telephone, No. 55.

To be Lucky buy your Fishing Tackle at D. J. YOUNG & Co's.

We carry ^{A FULL}_{LINE OF} Ladies' and Gents' Gauntlet Gloves. Potter, Rosewell & Carson

Applications for admission should be accompanied by a certificate from a qualified physician, stating the nature of the disease or injury.

Rates are very moderate. Private room, board and the services of a trained nurse can be secured for from ten to twelve dollars per week. The same advantages in General Ward for one dollar per day.

When possible, all Hospital bills are payable weekly and in advance. The income which accrues from paying patients over and above their own needs is the only help the Sisters have for the support of non-paying patients. There is always a large number of patients in the Hospital from whom no pay can be expected. These are always tended with the same devoted care as those more favored by fortune.

In concluding allow me to remark that one needs no prophetic foresight to understand that the present building will soon be quite inadequate. The ever growing demands on the Institution constantly call for more and more room, and to meet this need funds are required. The Sisters depend for the means of continuing the good work on the conviction of the community at large that the work is worth doing, and on the contributions of those who will give something of their abundance for the relief of the afflicted and the suffering. Sums, whether large or small, and such other gifts as each individual donor may be disposed to bestow will be thankfully received. Give what you can; if not blessed with money to dispose of ask those who have it to give. Do something; put something into the work for Christ's dear sake.

It would not be possible to have a hospital were it not that our Blessed Lord, the Great Physician, had trod the ways of this sorrow-laden world, saying: "Come to Me, all ye that labor and are oppressed, and I will refresh you." Let us, then, so work, watch and pray that one day we may hear from His Blessed Lips those consoling words. "Come, ye Blessed of My Father, possess the Kingdom prepared for you, I was hungry and you gave Me to eat, thirsty and you gave Me to drink; naked and you clothed Me, sick and you visited Me and cared for Me, for inasmuch as you did it to the least of these My Brethren you did it unto Me."

Calgary Beautifully Situated.

THE City of Calgary is most beautifully located, lying as it does in the shadow of the Rockies, the Bow and the Elbow Rivers on either side of the city not only adding to its beauties, but being of inestimable value as a source of water supply.

Calgary is a railway centre, and all mail trains make a stay of from twenty minutes to half an hour on their journey across the continent. It is also a divisional point of the C. P. R. It is the terminus of the trains leaving and arriving each day for and from the north and south.

Calgary is to the North-West Territories what Cheyenne is to Wyoming, Denver to Colorado, Omaha to Nebraska. All the business of an immense cattle industry is concentrated in Calgary, and transacted by Calgary men. From this point thousands of head of cattle are annually shipped to the coast in the west, and to Africa and the motherland via Montreal in the east.

Calgary is noted throughout the North-West for its fine buildings, the best being built of sandstone and presenting an exceeding handsome appearance.

Amusements in Calgary.

THE amusements of Calgary are many and pleasant, from the strenuous baseball and football, to whist and progressive euchre parties. Although Calgary is in the West, its pleasures comprise, besides the special amusements of the West, all those recreations that are common in the civilized world.

Calgary society is notably hospitable, and balls, both individual and subscription, are of frequent occurrence, and during the year there is an endless chain of amusement in the shape of dinners, teas, suppers, amateur theatricals, concerts, church functions, receptions, golf tournaments, race meetings, hockey, polo, cricket and football matches.

Calgary boasts an Opera House that is becoming too small for the needs of the City, and W. R. Hull, the owner, is about to erect a larger and more imposing building. All the best theatrical companies make a several nights stay in Calgary.

The sportsman, tourist, artist and botanist will find among the foothills, along the rivers and on the prairies of the Calgary district a splendid field for amusement and information.

The trout fishing in the Bow, Elbow and High rivers, and such places as Fish and Sheep creeks, is amongst the best in the world.

A Far-famed Climate.

One of the greatest delights incidental to life in this highly favored spot is the magnificence of its climate. It may be safely said, for the meteorological records amply prove it, that there is no place in the western hemisphere that enjoys more bright sunshine the year round than Central and Southern Alberta.

The autumn weather of the Calgary district is perfect. The air is cool at night, the sun rises in matchless splendor, the vault of heaven is unmarked with even the shadow of a cloud, the atmosphere is so clear and light that the peaks of the Rockies, seventy miles distant, are seen clear-cut above the horizon.

The atmosphere the year round is bright and invigorating, thrilling every pulsation of feeling, sharpening the intellect, and infusing ruddy energy into every part of the body.

No mere words can do justice to the splendor of Alberta's climate; day after day, week after week, the fall weather is unbroken, warm, joyous, delicious, sometimes clear up to Christmas-tide.

When winter sets in the siege is short, sharp and decisive. While the temperature occasionally goes down considerably below zero, little or no discomfort is felt if one is suitably clothed. The summer weather is seldom or never uncomfortably hot, and the warmth of mid-day is always counterbalanced by the delightfully cool and refreshing nights, in which sleep is a pleasure.
